

Building a supportive community where children are born into healthy families and arrive at school ready to learn.

Coordinator's Report: June 2009

Work Group Updates:

● **Early Care and Education:** In June, members finalized a progress report for the CCF Human Services Strategic Plan Steering Committee and previewed a map of Charlottesville Day Care Center locations. Work group members featured in photo are, left to right: Susan Shaw, Kellie Von Elten, Charity Haines, Cynthia Bayless, and Ann Dublirer. In July, we will update any progress to our action plan and identify additional areas where we can move our goals forward.

● **Public Awareness:** In March, members finalized the PFC orientation schedule and recommended implementing fall trainings. Members meet again in June to determine next steps for the work group.

● **Family Support:** In May, members helped Book Baskets to sticker nearly 600 books for the community and will volunteer for Book Baskets in the future. Members also signed up to receive access to a digital resource library of community resources. We will meet again in July to review results from surveys collected for our Literacy Kits.

● **Parent Education:** In May, we reviewed the last year of statistics from Saturday Workshops and identified 8 topics for the upcoming year. In June, we will review how the use of the Smart Beginnings Kiosks has gone over the past year and plan for future use.

● **Data Management:** In June, members revised a survey for Partners to get feedback on the effectiveness and usefulness of our Annual Analysis; the survey will be conducted in June and July. You can read the Annual Analysis at http://www.ccfinfo.org/partnership/PDFs/pfc_annua_analysis_07_08.pdf! In July, members will review the survey results and develop a recommendation for short and long term changes to the Annual Analysis.
